

Corporate Best Invention Award (Outstanding Invention Award)

May 2009 Commendations

Prize	Subject	Division	Name
Grand Prize	High Speed Positioning by Model Control Motor Control Equipment	Servo Systems Division, 2nd Design Dept.	Yuuji Ide
Excellence Award	3-phase, 3-wire/Single-phase, 3-wire Output Switching Method	Power Systems Division, 3rd Design Dept.	Naohiko Shiokawa Hiroyuki Kiuchi
Excellence Award	Small Size Large Output Cylinder-type Linear Motor	Power Systems Division, 1st Design Dept. SANYO DENKI Techno Service Co., Ltd. Servo Systems Division, 1st Design Dept.	Yu Qi Tang Takashi Matsushita Satoshi Sugita
Excellence Award	High Static Pressure, Low Noise Axial Flow Fan Blade Shape	Cooling Systems Division, Design Dept.	Katsumichi Ishihara

Corporate Best Manufacturing Award (Outstanding Invention Award)

May 2009 Commendations

Prize	Subject	Division	Name
Grand Prize	Building of "Simplified Mold System"	Cooling Systems Division, Production Dept. Production Technology Sect.	Seiji Nishimura Youichi Yamada Sinsuke Okubo
Excellence Award	Establishment of New Process for "Machining Equipment Main Shaft IPM Built-in Motor"	Servo Systems Division, 1st Design Dept. Servo Systems Division, 1st Design Dept. Servo Systems Division, 1st Production Dept. 3rd Assembly Sect. Production Dept. 3rd Assembly Sect.	Takashi Sekiguchi Masahiro Kitou Masaru Tanaka Akira Kobayashi

Technical Papers Published Outside the Company in General Technical Journals

April 2009 to March 2010

Title of Paper	Authors	Name of Journal	Issued	Publisher
Creating a Technology "Quieter Than Leaves Rubbing by Removing 3 Sources of Noise, San Ace Silent Fan"	Toshiki Ogawara, Shigekazu Mitomo, Toshiyuki Nakamura, Atsushi Yanagisawa	Nikkei WinPC	2010.2	Nikkei Business Publications, Inc.
